Re: **Found No Violation**. FPPC File No. 10/1026; Shauna Clark

Dear Ms. Clark:

Thank you for your correspondence of March 3, 2011. On February 9, 2011, this office issued you a warning letter concerning the receipt of a gift valued at \$5,000 and in that warning letter asked that you pay down the amount to bring it within the gift limit of \$420. In response, you indicated that the reporting of the hotel room valued at "<\$5,000" was in error and that you intended to report this at a value of "<\$500." In fact, you indicated that the actual value of the gift was only \$320.

This agency has re-evaluated this matter and after further review, we found no violation of the Political Reform Act. The warning letter issued to you on February 9, 2011 has been rescinded.

If you have any questions, or if you wish to speak with someone in the Enforcement Division about your correspondence, you may call us at (916) 322-5660.

Sincerely,

REDACTED
